

SUPPLY CHAIN AND PROFIT REPATRIATION

Presentations and practical cases / doing business with Africa

Date: Wednesday 17 September 2014, 18:00

Place: Zunfthaus zur Saffran, Limmatquai 54, 8001 Zürich

Jointly with **KPMG Switzerland** and the **INSEAD Alumni Association Switzerland**, the **Swiss-African Business Circle** organizes an interesting **evening event on supply chain and profit repatriation**.

Promising outlook for economic growth has put many regions in Africa on the limelight for investors. While investment into Africa is many times quite easy, repatriation of the profits is not. A solid supply chain planning including optimized customs, withholding taxes and transfer pricing considerations is necessary to avoid unwelcome surprises.

KPMG Switzerland Partners Reiner Denner, Head Africa and **Peter Schmid, Supply Chain** will discuss various aspects of an efficient supply chain and profit repatriation model. **They will also share insights on specific cases involving Africa.**

From Africa, **Peter Kinuthia, Senior Partner, KPMG Kenya** will join the presentation. Peter has extensive experience in Value Chain Management, Customs and Excise taxation, Transfer Pricing, Corporate taxes, personal taxation and Value Added Tax across Africa.

Programme:

17h30 Registration
18h00 Presentations, followed by Q&A
19h00 Cocktail and Networking
20h30 End of event

Participation fee:

80.-- CHF for members SABC and INSEAD Alumni Association Switzerland
120.-- CHF for non-members

Registration:

To register please send an email to mr@sabc.ch with reference "event of 17 September". **Deadline for registration: 9 September.**
